Introducing

## the KWS SW!

All purpose electronic digital weighing scale capable of being used  
in a variety of portion control and industrial applications.

### Advantages:

- ✓ Legal for Trade
- ✓ Removable large stainless steel platter and ABS enclosure ensure easy clean up and long term durability
- ✓ Ideal for direct sales as the scale includes a large LCD display with both front and rear indicators
- ✓ Accurate and dependable with 4 weighing modes
- ✓ Measurement Canada and NTEP approved
- ✓ The compact design makes it perfect for placement on crowded counters
- ✓ Its low profile platform and large platter make it both ideal for the food and industrial markets, and easy to work with
- ✓ The scale operates with a rechargeable battery or an AC adapter (included), making it easy to transport it to various spots in your warehouse, parts shops, hardware stores etc.

## Why Legal for Trade Scales Make Good Business Sense

It is a Government requirement that the scale be certified legal for trade when the scale is used to determine pricing in a transaction between the trader and the customer.

In the restaurant and food equipment market, scales are often used to ensure consistency in weight for products sold or used in the preparation of product. Losing even a 1/2 oz. on each measurement could dramatically increase the cost over time to the manufacturer, baker, distributor, vendor, restaurant, etc...

Legal for Trade scales go through a thorough quality inspection, ensuring reliability – you are guaranteed a quality product and peace of mind.
